Cengage Learning (formerly Thomson Learning)	Economic Education for Consumers	Miller	2004	9-12		
	Key Features: Engaging lessons and multimedia ancillaries to help economic, consumer, and personal finance concepts come to life. New web site keeps the class current and linked to major economic events. Life-Span Plan Project incorporates materials developed throughout the course into one comprehensive live-span plan.					
	Instructor's Resource Kit					
	Instructor's Wrap Text					
	Managing Your Personal Finances	Ryan	2002	9-12		
	Key Features: Special sections in each chapter focus on current trends and issues consumers face in the marketplace. Emphasis on real-life situations and applications so students can extend their knowledge of the consumer world in which they live. Practices and policies that affect international business and consumers are incorporated into text.					
	Teacher Resources					
	Annotated Instructor's Edition					
	Tax for Teens	Rochford	2004	9-12		
	Key Features: Specifically written for teenagers. It depicts teens that have a job working after school and in the Summer. Information is provided, such as what is and what is not "income", whether to claim exemption from withholding and how that affects end-of-year filing, how to complete forms, and more. Addresses taxes on a basic level, easy to read, and includes examples for better comprehension. Allows user to write in the text so all notes can be kept and looked back upon for future use. Web site provides updated tax forms and links.					
	Instructor's Manual					
	Banking and Financial Systems	Center for Financial Training	2003	9-12		
	Key Features: This product targets secondary business education teachers and postsecondary instructors who want to offer a course in banking and financial services in their curriculum. Research Projects bring students into contact with banking professionals in their community. Careers in the banking industry are examined and career opportunities explored. Web activities, www.banking.swep.com , keep the class current and linked to major banking events.					
	Annotated Instructor's Edition					
	Instructor's Resources CD					
	Fundamentals of Insurance	Crews	2003	9-12		
	Key Features: Market for this product is mostly high school level; with some sales in career schools. Research questions allow the student to make contact with the real insurance world. Insurance careers are integrated throughout the text and covered in depth in a complete chapter.					
	Instructor's Resources CD					
	Annotated Instructor's Edition

Glencoe / McGraw-Hill	Discovering Life Skills	Glencoe	2004	6-8		
	Key Features: Comprehensive overview of the family and consumer sciences designed for middle school use. <i>Closer Look</i> , two pages in each chapter, actively involves students in an in-depth view of need-to-know topics such as how to say "NO", handling stress, closet organization, and citizenship skills. Provides additional information about a wide range of careers with suggestions for a related student activity. <i>How To . . .</i> offers students an opportunity to think critically, implement and evaluate a plan to solve a given task. <i>Explore</i> offers students opportunity to seek information from various sources, including the Internet, to complete a task while practicing and applying critical thinking skills.					
	Teacher Resource Guide (Free: 1:30 Student Editions Purchased)					
	Today's Teen	Kelly-Plate, et al	2004	6-8		
	Key Features: Comprehensive text profiling a practical approach to exploring family and consumer sciences. Text emphasizes the essential life skills today's teens need. Students will have opportunity to actively relate their knowledge and skills to everyday life. <i>How To</i> features offer students practical, usable information and hands-on instruction designed to enhance the development of life skills. <i>Tips</i> features present practical ideas for incorporating chapter information into student's lives.					
	Teacher Wraparound Edition (Free: 1:30 Student Editions Purchased)

Publisher	Title of Material	Author	©	Grade Level	ISBN Number	R=Resource *Correlation
Glencoe / McGraw-Hill	Child and Adult Care Professionals	Stephens, et al	2004	9-12		
	Key Features: Intended as an occupational directed publication for grades 11 and 12. The emphasis is on development and care of children and older adults. The text and supporting materials help prepare students to pursue the CDA credential. Text addresses the care needs of older adults and the positive interaction between children and older adults (intergenerational). <i>Ethics in Action</i> features help students relate to and deal with ethical dilemmas often found in the workplace.					
	Instructor Resource Guide (Free: 1:30 Student Editions Purchased)					
	The Developing Child	Brisbane	2004	9-12		
	Key Features: A child development program designed for grades 9-12. It provides a comprehensive overview of how children develop and the importance of this knowledge in both parenting and careers related to children. Brain development research is unlocking how the brain develops and works. These findings and their application to parenting and childcare are integrated throughout the program. A special brain development symbol identifies related information in the text. Development through age 12 is included. Child-related career options are presented in every chapter. These go beyond the more commonly known preschool teacher and pediatric nurse to include the great diversity of opportunities. Real-life connections are made throughout to parenting, family, community, workplace skills, technology, and other subject areas. Students understand the importance and applications of what they are learning.					
	Teacher Wraparound Edition (Free: 1:30 Student Editions Purchased)					
	Families Today	Sasse	2004	9-12		
	Key Features: Offers a clear practical approach providing students with the information and skills they need to handle the challenges of today. It emphasizes acting responsibly, using values as guideposts, building character, and constantly improving relationship skills. Covers Family and Consumer Sciences National Standards for Family courses as well as Interpersonal Relationships courses through a range of topics – families and society, balancing work and family life, conflict resolution, divorce, building a strong marriage and more. Chapters are divided into manageable sections for flexibility in course planning. Students use checklists to rate personal progress with directed thinking, communication, leadership and management skills.					
	Teacher Wraparound Edition (Free: 1:30 Student Editions Purchased)					
	Food For Today	Kowtaluk, et al	2004	9-12		
	Key Features: Intended for high school foods and nutrition courses. Short sections within chapters allow teachers to choose what they want to cover. Content includes the basics of nutrition, consumer skills, and food preparation. Food science is addressed through features and supplements. Career features at the end of each chapter introduce careers related to foods and nutrition through interviews with people in the industry. Activities connect text content to real life. Close Up on Science features explain food science concepts related to biology, chemistry, and physics. Safety Check features highlight important safety precautions to utilize when working with kitchen equipment when preparing food.

Glencoe / McGraw-Hill	Nutrition and Wellness	Duyff	2004	9-12		
	Key Features: Designed for foods and nutrition courses in grades 8-12. It can be targeted in several ways: for courses that emphasize nutrition and fitness; for foods and nutrition courses that place less emphasis on food preparation than traditional foods courses; or for an introductory high school foods course in a two-course sequence. <i>Food Preparation Handbook</i> at the back of the book presents concise, illustrated how to's for food safety, kitchen equipment, and food preparations skills. It also highlights food science and creative food preparation. Any of the five Handbook parts can be taught as a self-contained unit or used to supplement text chapters. <i>TIME Global Nutrition & Wellness</i> features, produced in partnership with Time Learning Ventures, provide informative mini-lessons on the food customs of six world regions. The features are found at the end of each unit.
